Jandy Never Lube®

Our patented Never Lube® valve is the most trusted valve in the industry. It never needs lubrication and is totally maintenance free. The Never Lube® has an easy to turn and set handle and will never crack, melt, lose pressure, or slip – even under a working pressure of 70 psi. Plus, its rounded bottom prevents the diverter from being glued into place. And, it's *guaranteed for life* – the only valve to offer such assurance.

Applies to Jandy NEVER LUBE®

Valves Only

JANDY 3 PORT NEVER LUBE® VALVE

Part #	Description
4717	2" - 2 1/2" POSITIVE SEAL, COMPLETE VALVE
4715	1 1/2" - 2" POSITIVE SEAL, COMPLETE VALVE

Jandy Check Valves

Our Check Valve's clear lid and red seal plate let you easily see and access debris. It's easily disassembled for service, and features a unique swing/spring design that lets you use it for both return and intake water. It's constructed using the same tough CPVC plastic featured in the NEVER LUBE® and is available in straight-through and 90°.
